Firstley Thanks for all coming and making it such an enjoyable day out on your bikes, I hope we didnt put you of riding 5 laps but wha t else would you rather do on a nice summers day.sorry it has taken me a while to get the results up my short bold freind decid ed to delete the entry sheet instead of saving it so i had to redo it also had a couple of technical issue with the laptop but we a re there now. thanks to the team for putting on such a great trial with 99% of you going home saying what a great day you had. also to the observers for standing there and catching a tan while watching you all threw. which brings me on to my last point with every good there is a bad and its the first time i have done these so you never no what to expect when people say but this time they ar e 100% spot on CHEATING is not allowed with us by that i mean picking the board up seeing some one had given you a 3 or a 5 and chan ging it to a lower score or marking you nearest rival and giving hima higher score then he got. it makes my job harder and is also disappointing to see in such a great sport so any one court will be told to leave the event. Rant over!!!!!!

Our next trial is on saturday the 18th of June and is one of the youth rounds we are holding this year venue to be announced soon but any one willing to help please contact carl on 07527346246 also if any one has a majour problem with the results aswell. see you all soon Carl.
