Given that it rained all day, and was cold enough to be November, the number of Riders who turned up was amazing and they were all raring to get out and negotiate the challenging conditions. Those who came all had a great evening, made even better by Gourlay's Catering keeping up a constant supply of comfort food. There's nothing like burger and chips to keep the spirits up! Sections were inevitably 'a bit slippery'!!! especially at the start but with increasing determination riders moved around the course and scores improved. Thanks to the landowner, Colin Crabbie, all the observers who braved the rain and the setting out team who did a great job.
