

The trials and Enduro committee are looking to refresh the classes and structure of this year's Sammy miller series with the intention of refreshing it as the classic series for 2017;

The route can be off road or on road but must be of a maximum of two laps and should contain at least 36 sections in total and a route in excess of three miles per lap

ELIGIBILITY CRITERIA

Please make sure your machine is suitable for the class you have entered and it is in keeping with the spirit of the event. If you deviate from the standards it will affect the points you gain in championship events you enter.

Engine and gearbox must be original or of the same type manufactured for the appropriate class.

Replica frames or small changes allowed must be suitable for the class and a period silhouette of those used at the time.

Drum brakes only, pattern or original for period (except class 5 and 10) which may have disc brakes)

Forks must look like the correct period and can have any internals,

Maximum fork size 36mm (apart from SWM jumbo with original forks fitted)

British carburetors (not mark 2 Amal) for Brit shock classes

Reed valves only where fitted as standard

ROUTE 1 HARDEST ROUTE
