

High Performance Lubricants

Technical Data

Lite Gear Oil

Lite Gear Oil is a specially formulated motorcycle gearbox oil using advanced technology and covering the 10W-30 viscosity range.

Features

Reduce friction and protect over a wide temperature range

Operational from as low as -25C through to the high temperatures of racing

Maximum anti-wear protection

Correct clutch lubrication (where used with an oil immersed clutch)

Exhibits outstanding thermal and oxidative stability make it ideal for today's modern, small, high power / high load multi speed gearbox applications

Typical Physical Characteristics

| | |
|------------------|--------------------|
| Viscosity Grade | SAE 10W-30, SAE 80 |
| Density @ 15C | 0.877 |
| Viscosity @ 40C | 86.0 cSt |
| Viscosity @ 100C | 12.0 cSt |
| Viscosity Index | 133 |
| Appearance | Clear amber liquid |
| Product Code | 02100 |
