Well that's the season opening Championship round over. We thought we were going to have to cancel due to the snow late in the week, but farmer Sandy Cook correctly forecast 'it'll be OK for the weekend' and he was right. The organising team were fearful of the carnage seen previously at this venue and set the sections accordingly. Then the ground held up, and it proved too easy for many of you! Hey, there still were no clean sheets at the end of the day, so it wasn't too easy. Rikky Shankie took a header over the bars in the 'gap' between the two groups of sections and received serious facial injuries. He spent last night in Dunfermline Hospital and I am sure we all wish him a quick recovery and back on the bike. It was bitterly cold for the observers and Office staff; I am sure you all thanked them at the end. Our next Youth Championship trial on 18th June will be at Callander and will not include the Pre 65/ Twinshock class due to the Inverness Pre 65 Two day trial on that weekend.

Thanks to all of you, especially the Geordies and Inverness/ Fort William riders for coming along.
