It was a good turnout of riders for our first trial of the year after an unfortunate cancellation in January due to the weather to tackle the good mix of tricky, slippery but fun sections (thanks boys for spending your Saturday setting them out.) Also a good

turnout for observers with 6/8 sections observed, so thanks for all their hard work too, and remember if you know anybody who could do some observing, bring them along! Well done to Rob Margetts for the win on the hard route, just pipping his pal Sam Gent to the post, and to Andy Butt for a clear win on the middle route dropping a mere 22 marks. Also well done to Clifford Wall for the win on the white route, leading his trusty TY250 to the victory over the other Yamahas! We hope you all enjoyed the event and look forward to seeing you at the next event at the Riley's Railway venue on 7th March.
