Thanks to John and Jean for the use of the ground and to all observers

Thanks to all riders for supporting the event, the sections were laid out yesterday on bone hard frozen ground with the forecast of overnight temperatures anywhere between minus10 / 15 degrees. Obviously we should have paid no attention to the usual ramblings the Met Office who once again got it wrong and we had a thaw instead. Nice. Sections were hurriedly reset this morning but one or two cut up a little worse than hoped, sections 9 and 10 on the expert route. This did however, allow one or two riders the opportunity to blow the cobwebs out of their exhausts...

Apologies for any mis-spelling of names in the results but some of you don't make it easy when filling out the entry form...

We have an entry form for No.13 Ben Browning in the youth class but there are no scores recorded on any sections for No.13
